

May 1, 2026

Dear Tetonia friends,

It's May! After an interesting Winter and Spring – we are now moving into May which brings many outdoor opportunities and activities!

Here are a couple of reminders as we enjoy the nice weather!

Make sure you keep the sides of the road clear of equipment, trash cans and cars (unless otherwise allowed). As we get the moisture, we will be working on our roads and we will need them clear so we can keep them maintained.

Watch for children, adults and animals in the roadways. Slow down! Follow the marked speed limits. Let's make our town safe for everyone! We will have more of our children on the roads as the weather improves and as school is out.

Let's clean up! There will be a dumpster at City Hall between May 9th and May 14th where you can take designated trash. Thank you to RAD for providing this service for us.

Sign up for our Blood Drive on June 3rd, 2026. There are still some spots available. Sign up through Red Cross.

We also have flower baskets for sale that can be pre-ordered until May 25th through Jacque. These are supplied by Treehouse Nursery who also provides our beautiful Main Street baskets!

Plan ahead for our 250th Celebration of the Declaration of Independence! We are planning to have a parade, vendor sale and rodeo on July 11th. Plan to celebrate with us!

Make sure you pay your city utility bills on time. We will provide you with a "friendly reminder" if you forget – but it will save us all time and hassle if you stay current with your bill. Remember, we do have an automatic payment system that you can use to make sure you pay on time. Of course, if there are extenuating circumstances, let us know so we can plan ahead with you.

With regard to our sewer system, remember that you should not flush anything besides sewage. The wipes (even the ones that are "flushable" – cause problems at our sewage yard.

You will be seeing some exciting projects happening at our City Park! Please stay clear of the workers and construction areas as we get these improvements in place. We are excited to have the ADA approved restroom facilities, the improved basketball/pickleball court, the improved ball diamond, improved electrical hook-ups, etc! Let's keep our park lovely!

Thank you for being a wonderful part of our beautiful community!

Mayor Brent Schindler
