

Dear Citizens,

Well, it looks like we have at least another week of great weather. While the gardening and the long sunny evenings are gone we have blue skies, cool mornings, and warm afternoons to enjoy before winter arrives.

In case you haven't noticed the Tetonia Library is open with limited hours. Now it is open Tuesday, Thursday and Friday. Check the Tetonia Library Facebook page for hours and changes in the schedules and programs. We could be open more hours if we had more volunteers, so if you are interested please talk to Jacque at the city office.

We have had numerous complaints about dogs lately. There are several different types of complaints. Many dogs are running around town without a license and with no owner present. These dogs are bothering or frightening people in their own yards. The dogs are also chasing drivers and cyclers, attacking or bothering other dogs being walked on leashes with their owners, and leaving messes in other people's yards. We have also had complaints about dogs constantly barking, even some inside houses. Remember, the dog owners, not the dogs, are responsible. Please, for your neighbors and your pets, take care of your dogs.

October and November will bring two events for us to be aware. First we have Halloween which always brings extra activities. There will not be many large public gatherings this year so there may be more small groups in all areas of town. Let's be careful and keep everyone safe. Hopefully we can find fun safe ways to enjoy the holiday.

Following right behind Halloween we have Election Day, or should I say we have Election Season, which has already begun. For those not planning to vote in person absentee ballots can be requested now by contacting the county clerk's office. Be sure you are registered and be sure you VOTE. Remember, voting is not only a privilege but a responsibility.

We are always working and planning to make our community the best it can be and we appreciate your input. If you have ideas, suggestions, and complaints please call me at 208-238-1456 or e-mail [gloria5852@silverstar.com](mailto:gloria5852@silverstar.com) or notify the city office.

Respectfully,

Gloria Hoopes
