

Hello Citizens,

Although the calendar says we have three more weeks of summer, the fact that the students are back at school and harvest is in full swing generally means people are back on fall schedules. I do hope Mother Nature gives us those last three weeks of summer. The beginning of the school year still means it is time to pay extra attention to students going to and from school each day. Let's have another accident free school year.

The city also has some events going on this fall. The Tetonia Library, located in the southeast corner of the park will be opening next week. To find out about the hours please check the city website or call the city office. The library has received hundreds of books so everyone should find something of interest. Also, sometime this fall we will have our Arbor Day activities that were postponed last spring. We have not set a date or location yet, but we will keep you informed.

I would like to thank Jacque Beard, our clerk, for all her work to provide the Fourth of July activities in town. They were well attended and everyone seemed to have a good time. Thanks also to all the volunteers and sponsors who helped make the event possible. It provided some great entertainment during what was a very quiet summer.

I am working on starting a walking program in Tetonia and would like some suggestions on what people want and what would get more people interested in walking more. Please let me know if you are interested or share any ideas you might have.

Now that like everyone else I am spending more time at home I don't see the citizens around town as often, but that doesn't mean I am not as concerned with events and people in town. I am available by phone and e-mail for any questions, concerns, ideas, and whatever else you have on your mind. My phone number is 208-238-1456 and my e-mail is [gloria5852@silverstar.com](mailto:gloria5852@silverstar.com). Please feel free to contact me anytime.

Please have a wonderful fall and keep safety in mind.

Respectfully,

Gloria Hoopes
